Project Work Area & Future ODOT Property

The Ohio Department of Transportation (ODOT) is proposing to replace a culvert along State Route 246/Dorr St. at Sleepy Hollow Park for the Summer of 2028.

Key Details:

- Project purpose is to prevent future erosion of roadway embankment (extending culvert, rock channel protection)
- No recreational amenities will be impacted
- 0.023 acres of Sleepy Hollow Park will become ODOT owned property
- Access to the remainder of the park is unaffected
